The work & role of the UK MP Support Group (MPSG) for Outdoor Learning

The provision of outdoor learning experiences, especially for children and young people, is more important than ever.

Outdoor learning...

- enables better engagement with education
- develops commitment to healthy outdoor activities and
- establishes pro-environmental behaviours.

With this learning comes the skills of teamwork, persistence and optimism which transfer to the wider world of work.

Identifying key and current outdoor learning outcomes is central to the work of the UK Members of Parliament Support Group for Outdoor Learning.

This builds on the distinguished tradition and heritage of outdoor learning in the UK.
